- * Minimizes Wear
- * Long Lasting Durability

For 300W

- #267637XH
- #267673XH

For 300U

- #415045XH
- #415344XH

For SPUHL

- #295.9429.726XH
- #295.94297.26XH
- #J59.2611.145XH

REGULAR

Bronze Hardened

- * Resilient
- * Value Priced

For 300W

- #267637
- #267673

For 300U

- #415045
- #415344

For SPUHL

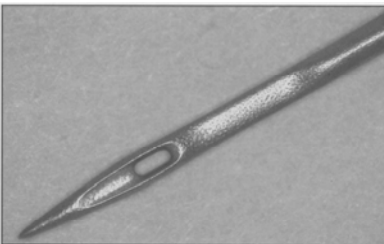

- #295.9429.726
- #295/94297.26
- #J59.2611.145

QUALITY & AFFORDABILITY

FR / Flame Retardant PROBLEMS...

HEAT BUILD-UP, HIGH FRICTION, ADHESION

SOLUTION: ORGAN Cool-Sew /LP Lubricated Plating NEEDLES

ORGAN's latest development of our *Cool-Sew /LP* plating combines the non-sticking properties of PTFE and the durability of nickel. *Cool-Sew /LP* needles run cooler and last longer than previous non-stick finishes.

Available in popular types and sizes including 62x59, B27, 142x5, 135x5, 135x17, UY128, UY143 and 794HMR-4 (for quilting machines).

PLEASE CONTACT US FOR ANY NEEDLES YOU MAY NEED.
